SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product form : Substance
Substance name : (DAP) Diammonium phosphate
Product code : DAP, DAPFR, DAPOS, DAPLG
CAS No. : 7783-28-0
Formula : (NH₄)₂HPO₄
Synonyms : Ammonium phosphate, dibasic / Diammonium hydrogenorthophosphate / Phosphoric acid, diammonium salt / Diammonium hydrogenphosphate / Ammonium phosphate dibasic / Diammonium hydrogen phosphate / Diammonium hydrogen orthophosphate / Phosphoric acid, ammonium salt (1:2) / DIAMMONIUM PHOSPHATE / DAP

Product group : Commercial product
Other means of identification : DAP, DAPLG

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/preparation : Agricultural chemical

1.3. Details of the supplier of the safety data sheet

PCS Sales (USA), Inc.
1101 Skokie Blvd.
Suite 400
Northbrook, IL 60062
T 800-241-6908 / 847-849-4200

Suite 500
122 1st Avenue South
Saskatoon, Saskatchewan Canada S7K7G3
T 800-667-0403 (Canada) / 800-667-3930 (USA)

SDS@PotashCorp.com - www.PotashCorp.com

1.4. Emergency telephone number

Emergency number : 800-424-9300
CHEMTREC

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification
Skin Irrit. 2 : H315
Eye Irrit. 2B : H320
STOT SE 3 : H335
Aquatic, Acute 2 : H401
2.2. Label elements

GHS-US labelling

Hazard pictograms (GHS-US): ☢️

GHS07

Signal word (GHS-US): Warning

Hazard statements (GHS-US):
- H315 - Causes skin irritation
- H320 - Causes eye irritation
- H335 - May cause respiratory irritation
- H401 - Toxic to aquatic life.

Precautionary statements (GHS-US):
- P261 - Avoid breathing dust
- P264 - Wash hands thoroughly after handling
- P271 - Use only outdoors or in a well-ventilated area
- P273 - Avoid release to the environment.
- P280 - Wear eye protection, face protection, protective clothing, protective gloves
- P302+P352 - IF ON SKIN: Wash with plenty of water
- P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing
- P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
- P312 - Call a POISON CENTER/doctor if you feel unwell
- P332+P313 - If skin irritation occurs: Get medical advice/attention
- P337+P313 - If eye irritation persists: Get medical advice/attention
- P362 - Take off contaminated clothing
- P403+P433 - Store in a well-ventilated place. Keep container tightly closed
- P405 - Store locked up
- P501 - Dispose of contents/container according to local, regional, national, and international regulations

2.3. Other hazards

Hazardous to the aquatic environment.

No additional information available

SECTION 3: Composition/information on ingredients

3.1. Substances

Substance type: Mono-constituent

<table>
<thead>

</table>
**Product contains diammonium phosphate as essential ingredient with small amounts of monoammonium phosphate, ammonium sulfate, urea, and aluminum/calcium/iron/magnesium compounds.

Full text of H-phrases: see section 16

3.2. Mixtures
Not applicable

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general : If medical advice is needed, have product container or label at hand.

First-aid measures after inhalation : If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. Give oxygen or artificial respiration if necessary. Obtain medical attention if breathing difficulty persists.

First-aid measures after skin contact : Wash skin thoroughly with mild soap and water. Obtain medical attention if irritation develops or persists.

First-aid measures after eye contact : Immediately rinse with water for a prolonged period while holding the eyelids wide open. Obtain medical attention if irritation develops or persists.

First-aid measures after ingestion : Do not induce vomiting. Seek medical attention if a large amount is swallowed. Get medical advice and attention if you feel unwell. Drink large amounts of water (or milk if available) to dilute stomach contents. Ingestion of small quantities in unlikely to cause toxic effect. Large quantities may give rise to gastro-intestinal disorders.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : Irritation to eyes, skin and respiratory tract.

Symptoms/injuries after inhalation : Difficulty in breathing. Dry/sore throat. Symptoms may be delayed.

Symptoms/injuries after skin contact : May cause skin irritation.

Symptoms/injuries after eye contact : May cause eye irritation.

Symptoms/injuries after ingestion : If a large quantity has been ingested: Abdominal pain. Diarrhea. Nausea. Vomiting.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media : Chemical type foam, Carbon Dioxide (CO₂), dry chemical, water fog.

Unsuitable extinguishing media : None known.
5.2. Special hazards arising from the substance or mixture

- **Fire hazard**: Under conditions of fire this material may produce: Ammonia.
- **Explosion hazard**: Product is not explosive.
- **Reactivity**: Stable at ambient temperature and under normal conditions of use.

5.3. Advice for firefighters

- **Firefighting instructions**: Keep upwind. Under conditions of fire this material may produce: Ammonia.
- **Protection during firefighting**: Wear full fire-fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).
- **Other information**: Do not allow run-off from fire fighting to enter drains or water courses.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

- **General measures**: Do not breathe fumes from fires or vapours from decomposition.

6.1.1. For non-emergency personnel

- **Protective equipment**: Wear suitable protective clothing, gloves and eye/face protection.
- **Emergency procedures**: Collect as any solid. Ventilate area.

6.1.2. For emergency responders

- **Protective equipment**: Wear suitable protective clothing, gloves and eye/face protection.
- **Emergency procedures**: If possible, stop flow of product. Contain and collect as any solid. Ventilate area.

6.2. Environmental precautions

If spill could potentially enter any waterway, including intermittent dry creeks, contact the U.S. COAST GUARD NATIONAL RESPONSE CENTER at 800-424-8802. In case of accident or road spill notify CHEMTREC at 800-424-9300. In other countries call CHEMTREC at (International code) +1-703-527-3887.

6.3. Methods and material for containment and cleaning up

- **For containment**: If contaminated with other materials, contain and collect as any solid in suitable containers. Do not allow into drains or water courses or dispose of where ground or surface waters may be affected. Prevent large quantities from contacting vegetation.

- **Methods for cleaning up**: Recover the product by vacuuming, shoveling or sweeping and place in appropriate container to be disposed at an appropriate disposal facility according to current applicable laws and regulations and product characteristics at the time of disposal. Provide adequate ventilation. Avoid generation of dust during clean-up of spills. If uncontaminated, recover and reuse product. Practice good housekeeping – spillage can be slippery on smooth surface either wet or dry.

6.4. Reference to other sections

No additional information available
SECTION 7: Handling and storage

7.1. Precautions for safe handling

Additional hazards when processed: When heated, material emits irritating fumes.
Precautions for safe handling: Handle in accordance with good industrial hygiene and safety procedures. Avoid contact with skin and eyes. Do not eat, drink or smoke when using this product.
Hygiene measures: Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store tightly closed in a dry, cool and well-ventilated place. Protect from moisture.
Incompatible materials: Alkalis and caustic products; strong acids; copper and its alloys.

7.3. Specific end use(s)

Agricultural chemical

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

<table>
<thead>
<tr>
<th>Diammonium Phosphate (7783-28-0) as P₂O₅</th>
<th></th>
</tr>
</thead>
</table>
| **USA ACGIH** | ACGIH TWA (mg/m³) | 10 mg/m³ \(\text{– inhalable fraction} \)  
| | | 3 mg/m³ \(\text{– respirable fraction} \)  |
| **USA OSHA** | OSHA PEL (TWA) (mg/m3) | 15 mg/m³ \(\text{– particulate} \)  
| | | 5 mg/m³ \(\text{– respirable} \)  |

Fluorides

| **USA ACGIH** | ACGIH TWA (mg/m³) | 2.5 mg/ m³  |
| **USA OSHA** | OSHA PEL (TWA) (mg/m3) | 2.5 mg/ m³  |

8.2. Exposure controls

Appropriate engineering controls: Ensure adequate ventilation, especially in confined areas. Avoid high dust concentration.
Personal protective equipment: Gloves. Safety glasses. Protective clothing.

Hand protection: Impermeable protective gloves.
Eye protection: Protective goggles.
Skin and body protection: Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Wear suitable protective clothing. Wash contaminated clothing before reuse. Handle in accordance with good industrial hygiene and safety practice.
Respiratory protection: Wear NIOSH approved respiratory protective equipment when exposure exceeds the OSHA nuisance dust standard of 15 mg/m$^3$ or the ACGIH nuisance dust limit of 10 mg/m$^3$ for the eight hour time weighted average. When stored in closed area, a self-contained breathing apparatus is required to protect against ammonia gas.

Environmental exposure controls: Ensure adequate ventilation, especially in confined areas.

SECTION 9: Physical and chemical properties

9.2. Other information

No additional information available
(DAP) Diammonium phosphate
Safety Data Sheet 200

SECTION 10: Stability and reactivity

10.1. Reactivity
Stable at ambient temperature and under normal conditions of use.

10.2. Chemical stability
Stable at standard temperature and pressure.

10.3. Possibility of hazardous reactions
Hazardous polymerization will not occur.

10.4. Conditions to avoid
Welding or hot work on equipment or plant which may have contained fertilizer should not be done without first washing thoroughly to remove all fertilizer.

10.5. Incompatible materials
Alkalis and caustic products; strong acids; copper and its alloys.

10.6. Hazardous decomposition products
Ammonia is released upon reaction with strong bases or from thermal decomposition.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity: Not classified

<table>

Environmental Fate:

| Stability in Water: | Stable |
| Stability in Soil:  | Stable |
| Transport and Distribution: | Calculated, fugacity level III: 6.5 x 10⁻¹⁰ to air, 45.3% to water, 54.6% to soil, 0.0755% to sediment. Phosphates, whether water or citrate soluble, are translocated in the soil only over very short periods and are then immobilized. |

Toxicity: Inorganic phosphates have the potential to increase the growth of freshwater algae, whose eventual death will

Degradation Products:

| Biodegradation: | The Phosphorus cycle is well understood. Phosphates are converted to calcium or iron/aluminum phosphates or are incorporated with the organic soil matter. |
| Photodegradation: | No data available |

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Sewage disposal recommendations : This material is hazardous to the aquatic environment. Keep out of sewers and waterways.

Waste disposal recommendations : Place in an appropriate container and dispose of the contaminated material at a licensed site.

Additional information : Dispose of waste material in accordance with all local, regional, national, and international regulations.
SECTION 14: Transport information
In accordance with DOT / TDG / ADR / RID / ADNR / IMDG / ICAO / IATA

14.1. UN number
No dangerous good in sense of transport regulations.

14.2. UN proper shipping name
Not applicable

14.2 Additional information
Other information : No supplementary information available.

Overland transport
No additional information available

Transport by sea
No additional information available

Air transport
